

Please Join the Iowa RFS Coalition for
DEFEND THE RFS

Featuring
Governor Terry E. Branstad
Lt. Gov. Kim Reynolds
Senator Chuck Grassley
Congressman Steve King
IDALS Secretary Bill Northey

Friday, November 22nd
1:00pm to 2:00pm

Lincolnway Energy
59511 W. Lincoln Highway • Nevada, IA

Open to the Public • No Ticket Required

As you may have heard, the EPA recently proposed slashing the federal Renewable Fuel Standard (RFS) for 2014. This proposal would be a devastating blow to farmers, ethanol, biodiesel, next generation biofuels, consumer fueling choice, energy security, and the environment.

There is still time to fix this misguided proposal before it is final. Let your voice be heard. Come stand with Governor Branstad, Lt. Gov. Reynolds, Senator Grassley, Congressman King, Secretary Northey, Iowa farmers and Iowa renewable fuels producers to defend the RFS.

Learn how the RFS proposal harms Iowa and our country and what action you can take to urge the EPA to protect the RFS before it is too late.

Questions? Contact 515-252-6249 or info@IowaRFA.org

Due to road construction on Lincoln Highway, it is recommended that folks from east or west utilize Hwy 30, then turn North on W 18th St/610th Ave, go 1 mile until you come to the stop sign, turn West onto Lincoln Highway, to 600th Ave, turn North and take the frontage road west to Lincolnway Energy. It is on the North side of the road.
